## ULTRA-SPRAY

Automated Spray System

Pressured with the lack of productivity? Overwhelmed with shrinking budgets? Burdened with increasing work and decreasing time? Fas-Trak Industries is proud to announce ULTRA-SPRAY, the revolutionary automated spray system! The ULTRA-SPRAY is the most productive, pressurized, all-surface, automated spray system on the market today.

We had the user in mind when state-of-the-art technology and common-sense engineering were combined to produce the most time-efficient pressurized spray system ever. This superior labor saving system is designed for all surfaces where professional quality chemical application are required.

## FASTRAK APPLICATIONS

Fas-Trak Industries is a proactive innovative manufacturer of performance related application technology for the maintenance & janitorial industry. Our passion is to create innovative performance solutions by redefining and expanding surface application processes.

Our proprietary patented technology is industry proven and addresses the main challenges related to floor care issues today namely – labor savings as well providing superior results. Our product solutions can be used on tile, terrazzo, concrete, gym floors and many other floor surfaces.

## FAQ's

**Q.** What is the difference between the Ultra-Spray and the other "suit case" battery sprayers?

**A.** The "suit case" type sprayer requires use of a wand. The Ultra-Spray has a front mount sprayer assemble which is 3x faster and easier. It also houses a 5-gallon pail with quick change-out capability.

**Q.** What can the Ultra-Spray be used for besides carpeting?

**A.** The applications are virtually unlimited! Some examples: apply disinfectants to hard surfaces, apply encapsulation agents, anti-soiling treatments, odor counteractions, ice melting liquids and weed killers.

**Q.** How does the wall washing tool work?

**A.** Simply disconnect the spray wand and connect the wall washing tool. Activate the trigger to supply cleaning solution to the wall. Always start from the bottom and work up the wall.

## ULTRA-SPRAY

Automated Spray System

### SPECS AND FEATURES

- 3-hour run time – 12V maintenance –free battery
- 20,000 sq/ft hour (5x faster than traditional methods)
- Large 5-gallon capacity with EZ change-out feature
- Ergonomic and light weight design
- Applies water based chemicals on all horizontal and vertical surfaces
- Run time of 2-3 hours. Charge time 4 hours
- Coiled wand for hard-to-reach areas and vertical surfaces
- Fully adjustable spray system. Adjusts from 18" to 36"
- Optional Wall Washing Attachment available. Ideal for Operating Rooms, Health Care Facilities, Nursing Homes, Schools, Health Clubs
