

## CONSIDER THE BENEFITS OF FAS-TRAK INNOVATIVE SOLUTIONS!

- Quick & easy clean up
- Environmentally responsible
- Pressurized application
- Precision adjustments
- Elimination of cross contamination
- Reduction of chemical usage & waste
- Rugged, industrial construction
- Ergonomic, portable & lightweight designs

Money saving

Green Friendly

Improves Safety

Fully Automatic

Made in the USA 

## MAX-TRAK

High-Capacity Chemical Applicator

Tired of slow, inconsistent methods of applying chemicals? Fas-Trak Industries is proud to announce MAX-TRAK, the revolutionary 55 gallon chemical application system! The MAX-TRAK is the most productive, pressurized 55 gallon chemical application system on the market today.

We had the user in mind when state-of-the-art technology and common-sense engineering were combined to produce the most time efficient chemical applicator ever. This superior labor and chemical saving applicator is designed for all areas where professional quality is key to minimize costs and improve the desired polishing results.

## FAS-TRAK APPLICATIONS

Fas-Trak Industries is a proactive innovative manufacturer of performance related application technology for the industrial commercial concrete industry. Our passion is to create innovative performance solutions by redefining and expanding surface application processes.

Our proprietary patented technology is industry proven and addresses the main challenges related to concrete flooring issues namely – labor savings as well providing superior end results. Our solutions can be used on concrete, tile, terrazzo, and other floor surfaces.

Our customer base is a who's who which include Venture Speciality, US Postal Services, Blue Diamond Services and Concrete Visions to name a few.

*"The Ultra-Trak application systems we bought have been used by our staff and we have reduced our hardener densifier usage by 35%. Our labor reduction is around 60% but the uniformity of application has given us a superior polished concrete result. Ultra-Trak is a contributing factor in obtaining substantial growth in an ever competitive field."*

Roy Bowman, Owner  
Concrete Visions Oklahoma City, OK

## FAQ's

**Q.** Can I use this high-capacity chemical application system both indoors and outdoors?

**A.** Yes, you can.

**Q.** Can the Max-Trak be used for applying dyes and stains?

**A.** That depends on type of chemical and application rates of the product being used. Always try a test patch first.

**Q.** How long does it take to change out the 55 gallon drum?

**A.** About 5 minutes.

**Q.** How difficult is the Max-Trak to pull on the floor?

**A.** A strong man can pull the Max-Trak with a full drum of chemical.

## SPECS AND FEATURES

- Apply water or solvent-based concrete coatings at 80,000 sq/ft hour – DIRECTLY from a 55 gallon drum!
- Apply densifiers, hardeners, finish coats and sealers at 80,000 sq/ft hour (10x faster than conventional application methods)
- Environmentally responsible: Cut product waste by up to 20%!
- Fully Automatic & Pressurized: Cleans in minutes!
- Fully adjustable to meet various coverage rates
- Built-in charger with a battery run time of 5 - 7 hours
- Large, 4' head assembly included
- Industrial grade quality and performance
- Easy 55 gallon drum change-out

## IDEAL APPLICATIONS

- Warehousing
- Airports
- Convention Centers
- Auditoriums
- Shopping Centers
- Big Box Retail

## PARTS & SIZES

Warranty: 1 year parts

CFT-6000-48, Max-Trak 48in Application System (+Micro-Trak)
